

APPRENTICE JOURNEY

{ages 8 - 10}

JUNE 24 - JUNE 30, 2012

Have you ever just sat under a tree and listened to the sounds of nature? Have you ever yelled "YAH-O-O-O!" as you plunged into a cold mountain stream?

Somewhere in the Cascade Mountains, the winter snows are melting to feed spring flowers and giant Cedars. At this very moment, deer are coming to newly opened meadows to graze and birds are building their nests. And that's where we'll be too, **EXPLORING THE WOODS** and **PLAYING WHILE LEARNING** camp skills, communication skills and the art of introspection under the care and guidance of experienced mentors.

"The reason I want to go to camp is because I think Journeys will help me feel less afraid of the animals and bugs around me. I think it will be good for me to go and meet other kids that also want to learn and understand more about the wilderness."

2009 Apprentice Journey Participant, Miakoda.

This **ONE-WEEK JOURNEY OF DISCOVERY** invites the young person to learn more about nature, community and their Self... all the while having **FUN** and **MAKING NEW FRIENDS**. Along with the challenges of wilderness living and travel, come nighttime campfires, story telling, stargazing and the stunning beauty of the North Cascades.
